PROGRAM OVERVIEW

Our well-rounded program is unique as the 1st year resident serves as General Surgery Interns. Podiatric residents receive an equitable training experience as to allopathic and osteopathic residents. 1-month rotations consist of Plastic, Vascular, Trauma, Burn, General Surgery, Hand, IM, ID, Pod, burn night call, etc. Few podiatrists get the opportunity to work at a Level I Trauma Center and the Arizona Burn Center. Junior and Senior residents circulate through Podiatric and Orthopedic rotations as well as working with well-known community podiatrists. A developed research curriculum is set during the 2nd year of training to allow for completion of research or publications. An extensive didactic curriculum will fully prepare future graduating residents for both medical and surgical board certification. Residency candidates are judged based on academic background and interview performance.
