Trinity Regional Medical Center Podiatric Surgical Residency emphasizes comprehensive patient care experience, from new patient encounter to discharge. Ongoing experience includes in-patient and out-patient surgical management, diabetic foot management, adult and pediatric reconstruction, infection management, ER trauma call and office-based foot and ankle care including extensive practice management. Residents are actively involved in all hospital departments. Residents can expect to be involved with 750 surgical procedures, perform over 400 history and physicals, be involved with 100 trauma cases, and manage over 1500 outpatient visits both for adult and pediatric patients EACH YEAR of the program. Evidence based learning is stressed throughout the residents training, providing a broad background in evidence based medicine.
