Ascension Wisconsin combines previous programs Columbia St. Mary's and Wheaton Franciscan. The three year podiatric residency program emphasizes all aspects of podiatric care from basic clinical experiences to advanced reconstructive procedures. Program with PMSR with rearfoot/ankle certification. Minimum surgical numbers are easily met and exceeded in all categories with residents single-scrubbing with attending surgeons. The program is designed to start out first year similar to a typical internship year, focusing on medicine while also starting surgical integration that continues to build throughout one's residency experience. Learning is hands-on and interactive; learning surgery through doing, not watching. Looking for enthusiastic, highly motivated individuals wanting to excel in the podiatric profession. State-of-the-art main hospital location opened in 2010 within 2 blocks of Lake Michigan and numerous facilities throughout southeastern Wisconsin. See website or contact above emails for more details
