Columbia St. Mary's three year podiatric residency program emphasizes all aspects of podiatric care from basic clinical experiences to advanced reconstructive procedures. Program with PMSR with rearfoot/ankle certification. Minimum surgical numbers are easily met and exceeded in all categories. The program is designed to start out first year similar to a typical internship year, focusing on medicine while also starting surgical integration that continues to build throughout one's residency experience. Learning is hands-on and interactive; learning surgery through doing, not watching. Looking for enthusiastic, highly motivated individuals wanting to excel in the podiatric profession. Brand new main hospital location opened in 2010 within 2 blocks of Lake Michigan. See website or contact above emails for more details
