Letter of Interest;**AVAILABLE RESOURCES** **Sample Contract:** Contact Program **Benefit Package:** Contact Program **Curriculum:** Contact Program**PROGRAM OVERVIEW**

The DVA-Augusta is a well-rounded program with a strong clinical, surgical, and didactic program. In this hands-on program, our residents perform "skin to skin" procedures and have access to advanced wound care modalities. Research opportunities are available. The program is supported by specialties from both the Charlie Norwood VAMC and Augusta University School of Medicine. Our residents are also educated in billing & coding and have Private Practice rotations.

Our approach to ensuring the most well rounded experience is orderly and one of the many benefits of a "one resident per year" program. Our residents work as a team and do not have to compete for surgical or clinical experiences. 3rd year resident serves as Chief. 2nd year resident serves as Section Editor of the Georgia Podiatric Physician: the official newsletter of the GPMA. 1st year resident is trained from the start to complete all responsibilities they will inherit as they advance.

Augusta is a great place to live with a rich history, affordable living and home of the Masters Golf Tournament.
