PROGRAM OVERVIEW

This Orlando VA Medical Center (OVAMC) Podiatry program received accreditation in the Spring of 2018. The OVAMC Lake Nona Hospital has been open since 2016. The hospital is part of the 650-acre health and life sciences park known as the Lake Nona Medical City. The medical campus has 134-inpatient beds and provides acute care, complex specialty care, advanced diagnostic services, a large multispecialty outpatient clinic, and administrative and support services. The University of Central Florida and Nemours Children's Hospital are also located on the Medical City campus. The resident is scheduled for a two month rotation in the department of Orthopedics at Nemours Hospital. The resident will be an employee of the University of Central Florida College of Medicine during their 3rd year and will spend the year at the Osceola Regional Medical Center focusing on advanced surgery and trauma of the foot and ankle.
