PROGRAM OVERVIEW

MetroWest has been approved as a PMSR- rearfoot certified program. The Podiatric Residency Program has been in existence for over 15 years. All residents participate in a vast number of non-podiatric rotations. The residents are exposed to a large amount of trauma and surgery during the core rotations of ED, Podiatry/Orthopedics. Each year residents participate in the Baja project, a medical mission in Honduras. Residents are exposed to many rearfoot surgeries including open ankle fractures, calcaneal fractures, clubfoot reconstruction, flatfoot reconstruction, etc. This program is well balanced surgically as well as clinically. MetroWest Medical Center currently requires a \$25 application fee. An application is not considered complete until the fee is received which is non-refundable. Checks or money orders are acceptable made out to "Residency Fund-MWMC".
