A well-rounded program with a heavy emphasis on reconstructive surgery and trauma of the foot and ankle. The program is accredited as a PMSR/RRA by CPME, with 5/5/5 positions. Expansion has occurred to all CarePoint Healthcare facilities including Christ Hospital and Bayonne Medical Center. The podiatry staff at Christ Hospital has started a foot and ankle ED call schedule that is modeled after the high volume foot and ankle ED call schedule at Hoboken UMC. Excellent outside rotations and a great working relationship with the general medical staff. Our residents are the only surgical residents within the healthcare system other than general Surgery. We are enrolled in the Present online lecture series and have a full schedule of supplemental lectures, workshops and journal clubs. Weekly radiology grand rounds of all interesting cases. This system is growing, robust and financial stable. The residents are credentialed at all three acute care hospitals allowing for expansive clinical exposure..
