Morristown Medical Center is the cornerstone of the Atlantic Health System. AHS includes 4 main hospitals, and 1 non system hospital as well as 3 surgery centers. Morristown Medical Center and its affiliates are located in historic suburban settings. This program does not accept candidates who have previously completed a residency program. Program emphasizes forefoot, rearfoot, and ankle surgery, wound care, and trauma. Program does not provide H1, J1 sponsorship. This program has a large volume of surgical cases as well as a large volume of inpatients. Residents routinely graduate with more than 1200 procedures. The application fee is utilized to offset expenses incurred in the central interview process. An externship at the Hospital is highly recommended. If an externship is not feasible, then a visit is very strongly recommended.
