We have recently opened our clerkship to other school besides TUSPM, but still have only chosen our residents from TUSPM.

**AVAILABLE RESOURCES****Sample Contract:** Contact Program **Benefit Package:** Contact Program **Curriculum:** Contact Program**PROGRAM OVERVIEW**

Temple University Hospital is a Level-1 Trauma center and our residency program is well-integrated into the hospital and with the 30+ other residency/fellowship programs offered by our GME office. This is a competitive and academically strong residency program. Our clerkship is strongly recommended for interested applicants.

We take a lot of pride in providing our residents with the full scope of foot and ankle surgery, and our residents graduate with the confidence to handle any pathology that presents to their offices. A lot of this comes from working multiple emergency rooms in North Philadelphia and working closely with our surgical trauma service, but also includes elective forefoot and rearfoot reconstructions. We also work closely with our Vascular Surgery Department through the Temple Limb Salvage Center with respect to diabetic limb preservation techniques. Additionally, we provide significant opportunities for research and teaching at TUSPM. Residents often graduate with multiple publications and have several recent national awards for science.
