The DVA Northport offers well-rounded residency training experiences, with a wealth of in and out-patient clinical care. Extensive training in diabetic limb salvage, multidisciplinary wound care, elective and non-elective surgical intervention, didactic-clinical biomechanical patient exposures, and clinical rotations requiring active resident participation. North Shore Surgi-Center and Stony Brook University Hospital provide a wealth of surgical exposure to forefoot and rearfoot surgery. The remaining affiliates provide extensive trauma, ankle-rearfoot reconstructive surgery, elective and non-elective surgery, with foot and ankle MDs and DPMs. NYCPM provides residents with training on the Podo-Pediatric patient. 3rd year residents spend 1 month in Mesa AZ at an affiliate at their own expense. Please be aware of this when applying. Interested students should be aware that externships are highly encouraged. A 250 word essay entitled "I wish to do my 3-year PMSR w/RRA residency at DVA-Northport because..." is required to complete your application. Email essay to Steven.Goldman2@va.gov
