**PROGRAM OVERVIEW**

The Lourdes Hospital podiatry residency is offered in the setting of a current structure of a PMSR/RRA program. The total resident positions at present are four residents for each year. The program occurs within a community hospital setting in a catchment area of 200,000 plus. This population density, plus other rotations, ensures volume and unique, multi-specialty experiences. Rotations to affiliations include a rotation in Baltimore, MD for extensive experiences in lower limb reconstruction and podiatric surgery. Salary rates and benefits will continue to be adjusted to be competitive within the region.
